1. The GERMAN Delegation suggested that the following exclusion clause be added to part (a) of this item:

"except stationary equipment of types and series which have been in normal civilian use for more than two years and are designed for not more than 60 voice channels of 4 Kc/s each."

They also suggested that the following exclusion clause be added to part (b):

"except stationary equipment of types and series which have been in normal civilian use for more than two years and are designed for not more than 6 channels and for speeds not exceeding those defined in Item 1519."

2. The NETHERLANDS and UNITED STATES Delegations objected to these proposals.

3. On the 13th November, after further study of the matter, the GERMAN Delegation were prepared to reduce the number of channels indicated in their proposal for part (a) to 24.

4. CONCLUSION: The COMMITTEE noted that agreement had not been reached on Item 1523, and agreed to resume study of it during the second round of discussion.
